

The Red Cross Blood Bank is Coming

...to Grayling High School, Wednesday, May 19th, from 9 a.m. to 3 p.m.

Miss Gina Bidwell is Student Coordinator of the Bank and she, and her many Student Red Cross Volunteers, will operate the bank and perform all the functions that our regular adult Red Cross Volunteers do, except for the RN and LPN Red Cross Volunteers who do histories, blood pressures, temperatures, etc.

The morning will be primarily devoted to Grayling High School Blood Donors, and the afternoon to our regular, wonderful, generous Crawford County Blood Donors who have done such a magnificent job of donating their precious blood.

However, any of our regular donors who would find the morning more convenient are most welcome to come from 9 to 12 a.m.

Don't forget, the Crawford County Transportation Service-Dial-A-Ride - will pick you up and take you to the High School to donate a pint of blood without charge! Just call 348-5409, and they will come and get you as well as bring you back home.

Gina and her Student Red Cross Volunteers are trying for at least One Hundred Donors! So, please mark your calendars now and come and give a gift that only you can make—a pint of your blood to help some Good Neighbor keep living.

Computers From Weyerhaeuser Grants To Be Installed This Summer

Twelve microcomputers, purchased for the Crawford AuSable school district through a grant from the Weyerhaeuser Company Foundation, will be installed this summer at the high school. The 12 computers, along with the video tape equipment, are being bought by two grants totaling \$16,000 from Weyerhaeuser.

Bill Boehner, technical manager at Weyerhaeuser, presented the grants to the schools last week. The Avalanche incorrectly reported Boehner's name as Bader in a May 6 article about the \$16,000 grants. We apologize for the spelling error.

'Two By Two' Equals Top-Rate Humor

By Jon Thompson

With only eight cast members, this year's GHS musical, "Two by Two", seemed destined to fall short of previous extravaganzas. After the waters had receded, however, this year's production of Noah and the Ark deserved to be placed among the most humorous musicals performed at Grayling.

The audience knew something was in the air after the opening scene. Noah, played by George Morse, came out of his house into the yard stretching and waking up. The 600-year-old Noah shuffled around checking out the morning not saying a word. Then he went into the out-house and appeared 30 seconds later fanning the door repeatedly as he left. That was the first hint this version of the flood would not be the same as in the Good Book.

Morse turned in a superb performance as the crusty, likable Noah. Perhaps the best song of the show was an amusing exchange among Noah and his sons, played by Tim Taylor, John Watkins, and Larry Goodale. His sons said the ark needed a rudder, but Noah believed if God had wanted a rudder on the ark he would have told Noah that when he gave out instructions.

As in previous musicals directed by Howard Taylor, the casting for "Two By Two" was excellent. All eight actors performed well in their character roles.

Morse played Noah as well as any high school actor could. The original role of

Noah on Broadway was played by Danny Kaye.

Noah's loving wife was played by Zann Lindsay and a highlight of her performance was her song about Noah.

Tim Taylor, playing Noah's youngest son, was impressive as a young man questioning God's plan and his father's actions but wanting to show love for his father.

Both John Watkins and Larry Goodale handled themselves expertly and showed their experience on the stage. Watkins portrayed a lazy, wild, hedonistic son and Goodale played the eldest money-hungry son. Both produced laughter with their movements as well as with funny lines.

Marion Matyn had the difficult job of playing a tight-fisted, overbearing wife of the eldest son. She turned in an admirable performance and also sang wonderfully.

Brenda Prause also had a tough role playing the wife of Watkins who leaves him to remarry the youngest son. She did a first-rate job handling the emotional scenes.

Kim Stockton, a freshman, turned in a gem of a performance as a young lady without family or guidance. She handled her role with an ease surprising for her age.

The orchestra, Howard Taylor, electric organ, Wayne Hindmarsh, piano. Kim Ayers, violin, Jim Gardiner, guitar, and John Duley, also performed well contributing to the success of the musical.

This year's musical was sponsored by the Crawford County Council of the Arts.

se, Brenda Prause, and Tim Taylor. Back row, John Watkins, Kim Stockton, Marion Matyn, and Larry Goodale. (Photo by Jon Thompson)

From Our Corner ...

This week is new to us in trying to put our corner together...instead of being in the salt mine on Mothers' Day, we are in the living room of our Traverse City family...and instead of using a typewriter (which we don't have here) we are doing a little long hand to enable us to at least get a start so we don't experience a traumatic seizure on Monday evening without a column...

This is quite an experience...having T.J. and Stef running by us every so often and sitting here trying to think and listening to our bride and Toni yacking in the kitchen...seems like they are trying to see who gets the last word in...

The more I sit here and look out the window and watch John washing and cleaning his truck the more tired I get...must be the ol' fella is getting older...

While we were waiting dinner all of a sudden the whole family was in a quandry...seems as Toni and the girls are going to the Mother-Daughter banquet at the Elks this week that includes a contest for the one who wears the craziest hat...I never realized it took so many suggestions just to be crazy...if it were I that was involved we would just go as ourselves...that's crazy enough...

The weekend was well spent...the ol' fella had a couple of orange pops and a lot of resting...we lucked out and didn't have to help with dinner, John took care of that on the grill...

The gremlins were at work at the Avalanche last week...causing us to commit the cardinal sin of newspapering...misspelling a persons name...

In last week's issue on the front page the picture and story about the \$16,000 Weyerhaeuser grant to buy Microcomputers, Video Equipment for the High School, William Bohner, Technical Manager at Weyerhaeuser's Grayling Mill, was shown in the photo with Kent Reynolds, Mr. Bohner's name was misspelled as Bill Bader. The Avalanche regrets the error...

Our area received some rain Sunday night that should help the fire danger for the time being...the forests were nearly at the exploding point, and no burning was permitted...not only should the rain help the fire index, it should help the lawns and flowers...that is if it stays warm...

At times last winter we thought it quite foolish to report about all the weekend storms we experienced, but that changed Friday night...while we were having dinner at the Hotel, the Cal Brenners came over to the table and told us how much they appreciated reading about the weather conditions we were receiving...they didn't mention the kind of winter they had...must be they didn't want the ol' fella to feel bad...

Trying to finish up this turkey for this week is becoming very troublesome...looking out at the beautiful sunshine and thinking about sitting in the back yard and watching the birds and just relaxing is getting to us...we don't have too many evenings such as this one throughout the entire year, one has to try and take advantage of the time...talking about birds, we are still waiting for the return of the Orioles, and feeding them oranges...they are a very pretty bird...

For the bird watcher...there is an article elsewhere in this issue announcing the Kirtland's Warbler Day that includes their habitat excursions...

This does it for this week's turkey...we just looked outside again and ol sol is still out so we're heading for the wagon shed to be able to take in part of this beautiful evening...goodnight T.J., Stef and Amber, and to all of our readers, have a nice weekend...

From Calvary Baptist Church

Spread of Murder

The Alan Guttmacher Institute reported a record 1.55 million abortions in the United States in 1980. To make local application, that would be like dropping a bomb on Detroit, Michigan which destroyed almost all the people. During this same period in the state of Michigan there were 65,140 babies killed. This would be comparable to a bomb dropped on Camp Grayling killing all the people in Crawford county and most of the people in the surrounding counties of Kalkaska, Roscommon, Antrim, Otsego, Oscoda, Missaukee, Alcona and Ogemaw. This marks the loss of human life in one year alone.

The court in California has recognized public policy which requires parents to practice abortion if a baby is likely to have genetic, physical or mental defects. The court has decided that defective children born to such parents, have a legal right to sue their parents and others involved for permitting their birth. Parents are in essence required by government to murder their own children. In Delaware, the Attorney General has declared that a doctor who makes a contract with parents to kill a baby, can be sued for malpractice if the doctor makes a mistake and the baby is born alive.

It is ironic that the liberal religious leaders who have fought for the choice of women to kill their own babies, are now publicly crying out against the immorality and violation of ethics being practiced by science as they experiment with conception in a test

tube. The real reason the religious liberals are fighting test tube babies is not morality or ethics. The conception of a baby in a test tube proves that everything essential to human development exists at conception. The womb of the mother only provides a safe environment for added nutrition and growth during the early development of a human being. The liberal argument that a fetus is not a human being until it can exist outside the mother's womb is undermined and logically destroyed by "test tube" babies.

Since the Supreme Court favored abortion in 1973, our generation has destroyed 10 million potential workers and taxpayers from the next generation. It would be ironic if that weakened generation should face a choice of signing papers for the humane removal of their elderly parents or face lawsuit by the government for their continued support. "Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap." Galatians 6:7. "Lo, children are an heritage of the Lord; and the fruit of the womb is his reward." Psalm 127:3. Jesus said: "Thou shalt do no murder." Matthew 19:18. Baby killers have reason to fear old age and death. (adv.)

Springtime on the AuSable

Have you ever thought about just how good fishing was, say a hundred years ago? Fishermen used four & five flies on their line at the same time and it wasn't uncommon to catch 300 Grayling in one day's river-boat trip. Times sure have changed.

Nowadays seems you need a fair amount of skill, lots of patience and the right flies. Our guest fly tying expert this week has put those various ingredients together time & again to bring home his limit.

Wayne Stockton of Grayling says he ties about anything and catches trout with all of them. We invite you to stop in & meet Wayne and check out his flies.

Like we say every week, our flies are excellent and they're priced to catch trout right away. We'll even throw in a free area stream map to show you exactly where they're feeding.

Financial Problems Remain as
Senate Defeats Income Tax Hike

Warren M. Hoyt, Executive Director, MPA

The governor and members of the Legislature will have to begin looking at alternative ways of solving the state's \$611 million deficit following a resounding Senate defeat of a temporary income tax increase.

Although the Senate rejected the six-month tax hike of 1 percent, the issue is not dead as the state's money woes remain real and the state is in jeopardy of a downgraded bonding rate in New York.

The proposed tax increase, after the Senate's second rejection, will go to a six-member Senate/House conference committee and could come back before the Legislature for another vote.

Legislative leaders, however, did not hold out much hope that the conferees could find a plan that would be saleable in both houses.

The House was able to pass the bill only after a grueling all-night session; the voting board was kept open 37 minutes to allow intensive lobbying on the floor to round up the necessary majority.

Governor William G. Milliken, who proposed the six-month tax increase as a way to pump new revenues into the state's sagging money supply, said the Senate defeat was a "major setback for the state" and added that "sooner or later the Senate will have to face up to the realities of life and this state and this Capitol."

Milliken reiterated that the income tax must be the cornerstone of the efforts to solve the state's problems as it is the one source which can supply adequate revenues.

Following the Senate vote, Senate Majority Leader William Faust of Westland said he was unable to convince members there really was a severe financial crisis. He added that local community leaders back home did not fully emphasize the

point that additional revenues were needed to avoid local cuts.

Faust said he felt it would be almost impossible to achieve an income tax increase under the current climate.

That "climate" includes the fact that 1982 is an election year for all 148 seats in the Michigan Legislature as well as the every 10-year reapportionment plan that will ultimately pit incumbents with other incumbents in the same newly redrawn districts.

With the uncertainty of not knowing the outlines of legislative districts and who may or may not be opposing one another, Senate members were just unwilling to vote to a tax hike in an election year.

Senate Majority Leader Robert VanderLaan of Kentwood said the conferees will have to come back with a plan virtually unchanged from the defeated income tax plan but added, "I don't think there's much chance of it passing."

Meanwhile, the governor is working on a contingency plan which could consist of other measures for revenue augmentation and additional cuts. Already more than \$300 million has been cut out of the current year budget.

Senate members are also looking at alternative plans.

These include accounting changes, welfare benefit cuts, a new tax on radio, television and newspaper advertising and additional program cuts.

While all of this is happening in Lansing, New York bonding companies are watching carefully as the state is going to the market for \$100 million now and another \$500 million in the fall. The state's budget picture will determine an interest rate and the marketability of the bonds.

Whatever plan now comes to the forefront, decisive action needs to be taken - politics aside.

Letters of
Interest

Dear Mr. Fenton:

Thank you for taking the time to write me such an informative letter concerning the history of railroads in the Grayling area. The two photographs certainly cleared up a few questions. You did not say if I should return them to you or not. Should you wish me to return them - I would be glad to - but would like to have them copied - if that is all right with you.

The "Detroit Free Press" has run an article about railroads north of the old C & O line from Saginaw to Ludington. It looks as if we will be lucky if there are rails any where in the north country except for the Detroit & Mackinac - and that could have trouble at the Straits with the Wawatow out of service.

My heart bleeds over this. Economics are the name of the game - but emotionally I just can't digest it.

People like you are the only hope of those of the future - unless there are museums - the past will be lost.

Thank you again for everything. I hope to visit your museum this summer.

Sincerely,
Harriet Noble

We would like to invite anyone interested in our group to attend the next meeting, June 7th at Beaver Creek Township Hall at 7 o'clock. The Townhall is located at the corner of Seven Mile and Oak Roads.

The lessons we have planned are on family health, food, money management and candy making.

We also would welcome any new ideas or projects.

I REALLY WISH
I KNEW WHY PEOPLE
HAVE FUNERALS

Students of human behavior tell us that ceremonies for saying goodbye have existed as long as man. Ceremonies mark events in the lives of people and communities. Weddings mark new families; baptisms and bar mitzvahs welcome children and adolescents into society. Death marks the end of life. The funeral acknowledges that a life has been lived. People express their feelings about life through ceremony. Funerals also provide a socially accepted way for people to come together to support the grieving family. Many people welcome social support. If there were no funerals, how would you find a way to tell a family that you cared about their loss.

Spanish Students Win Honors

Thirty-eight students from Grayling High School's Spanish Department traveled to Central Michigan University on Friday, April 30, to participate for the third year in the 10th annual Foreign Language Day.

The program, attended by nearly 2,000 foreign language students from high schools throughout the state, included competitions in Spanish, French, German, and Russian, in the categories of displays, songs, dances, and skits.

In addition, students had opportunities for campus tours, viewing foreign language films, and visiting the foreign language department in Pearce Hall. In the afternoon, there was an awards assembly, during

which outstanding groups recreated their performances before the entire assemblage, on the floor of Rose Arena. The audience then watched a performance by the C.M.U. Country Dancers; and, finally, the awards were presented to winning participants.

G.H.S. entered song and dance competition, and won honorable mentions for both their song, "La Cucaracha," and their dance, "La Raspa." These two groups were also invited to perform at the afternoon awards assembly, along with the other outstanding performers.

Participants in "La Cucaracha" included guitarist Karla Dosch and singers

Felicia Galvani, Larry Goodale, Troy Haag, Denise Harrington, Rob Kesteloot, Shelly Leal, Shawn Lovely, Donna May, Pat Moore, Darrel Sauter, Damon Thayer, and Anne Waggoner.

"La Raspa" dancers were Shelly Leal, Shawn Lovely, Pat Moore, and Damon Thayer.

The trip was organized by Nancy Lemmen, of the G.H.S. Spanish Dept. Paula Dosch, Grace Evoy, and Lynn Thompson accompanied the group as chaperones. The field trip was entirely paid by the Spanish classes, through their saving of Glen's Market tapes and student charges.

RSVP Reports

by Sherry Haag, Dir.

Welcome to news of the Retired Senior Volunteer Program. Last week I mentioned the conference I attended in St. Louis, Mo, and the opening day statement.

In a meeting held at this same conference, for ACTION sponsored programs, which include Foster Grandparents, Senior Companions, and RSVP, Betty Brake, Director of Older American Volunteer Programs, was the keynote speaker. She stressed this Administration's commitment to volunteerism. The Older American Programs have a record for cost effectiveness serving as examples of positive programs for the people involved as well as serving the members using the services of the program.

RSVP ideas of seniors are channeled into the aspects of seniors as a national resource serving the communities in which they live. The program continues to be based on the belief that older Americans are a significant resource in this country and that meaningful opportunities can be developed in the traditional spirit of volunteerism and community service.

The most distinguishing characteristic of RSVP remains its ability to respond to community needs and design volunteer opportunities which meet the unique talents of older individuals. As members of the communities in which we live, seniors can look around and best see the areas in which they feel their talents and knowledge can best be used.

Currently, we're getting ready to get in full swing for the summer at the Historical Museum, Hartwick Pines, and the Chamber of Commerce. Historical Museum tentative opening day is May 28th. That's Memorial Day weekend. If you're interested, give us a call. There will be a meeting at the RSVP office May 20th, at 3 p.m. for all persons wanting to work at Hartwick Pines. Mr. Hoover, Park Interpreter, will be attending and schedules will be made and any questions answered. The Chamber of Commerce would like to keep their office open on Saturdays throughout the summer. If you'd be interested, give our office a call at 348-4341, or 348-8322.

HELPS OWN CAUSE—Brad Trenary, winning pitcher in last Saturday's game, helps his own cause out by rapping a base hit to left field. Trenary went 2 for 2 at the plate while allowing only 2 hits against Onaway. Over the last 21 innings he's pitched, Trenary has given up only 7 hits. The competition included a Charlevoix squad that went to the state semi-finals last year.

Vikes Bury Rogers City 22-2

Viking head coach Fred Wolcott told his players the hard shots they were hitting right at the opposition would soon start falling in. Against Rogers City Saturday, the hard shots starting falling in finally and Grayling pounded their foes 22-2.

The hits didn't start falling until the fourth inning but when it rains it pours. Trailing 2-0 heading into the fourth, Grayling scored 22 runs in three innings.

Joel Money and Terry Norman led the barrage. Money went 4 for 4 with 6 RBI. Norman had a home run going 2 for 4 with 4 RBI.

David Burr continued his hot hitting going 3 for 5 to raise his average to a team-leading .448. Monte D'Amour had two doubles in five trips dropping his average to a high .429. Ted Methner had 2 hits and 2 RBI, Jack Money had three hits pushing his average to .417, and Mike Hickey went 3 for 4 for a .360 average.

Brad Trenary, the winning pitcher, went 2 for 2. Trenary has only given up 7 hits in his last 21 innings of work and coach Wolcott says his pitching outlook appears good with tournaments coming up May 19. Grayling

Par For The Course

By Fay Bovee

The good weekend weather brought out the golfers; we're happy to see old friends and also many new faces. The course looks great and Doug and John are making additions and improvements. New carpeting enhances the front entrance and an aid to golfers is the addition of bushes to mark the 150 yards on each fairway.

Changes in the course, started last fall, are three new sand traps and some new pine trees on number 5 fairway. These new hazards make it seem somewhat narrower and true to the golfing spirit, we can blame them for some of our bad shots!

A Happy Hour Party will be held this Friday from 5 to 7 at Grayling Country Club with a taco dinner following. No reservations are necessary.

Arts Council Seeks Logo

Calling all Artists: The Crawford County Arts Council needs a logo, and will consider your design at its next meeting, Tuesday, May 25. The submission should reflect both the Crawford County locale and the arts (drama, song, dance, visual arts) in its design. If you would like to submit a logo, bring it to the meeting, to be held in the conference room of Northern National Bank, at 7:30 p.m., or deliver it to CCAC president, Rosalia Matyn, at 604 Michigan Avenue in Grayling. If you have questions about the logo competition, they can be answered by calling Mrs. Matyn at 348-8207.

The Arts Council, in its first eight months of existence, has sponsored the Grayling High School winter play and spring musical, as well as two band concerts. This summer, the organization will expand its activity to include a larger segment of the community when it sponsors the well-known Young Americans in four productions on consecutive Mondays, July 19 and 26, and August 2 and 9.

The Council, having just established a set of by-laws, is interested in increasing its membership to community members who follow and/or participate in the visual or performing arts. The executive board invites people to attend its next meeting on May 25.

Middle School News

Science Project:

The Seventh grade class participated in a tree planting science project. This was for habitat improvement for the Kirtland Warbler in conjunction with the Department of Natural Resources and the U.S. Fish and Wildlife Service. They left the school and spent the day planting Jack Pine trees in the Lovells area.

A slide presentation was given in school on the ecology of the Kirtland Warbler and on Wednesday May 5, 1982 Dr. Glenn Goff, a naturalist from Project Niche, gave us a talk out on the site. The goals for Project Niche are habitat restoration, environmental education, community involvement and a wholesome outdoor experience for all those persons involved.

The teachers participating were Mrs. Ann Doty, Mr. Larry Austin, Mr. Bob Andrus, Mrs. Ethelmae McDaniel, Mr. Don Ferguson. Parents who volunteer to help were Mrs. Annabelle Armstrong and Mrs. Nancy Howe. The bus drivers were Mrs. Carol Stephan, Mr. Robert Bollmer and Mr. Lloyd Crawford.

It was very worthwhile in view of future generations.

California Achievement Testing:
California Achievement

testing has been completed on all middle school students. The tests have been sent to C.O.O.R. for computation. The results of these tests will be returned to the school in June.

Interim

Grade Reports:

Interim Grade reports will be mailed out the week of May 10th. All students that are averaging a C- or below in any subject will receive an interim grade report. Parents are encouraged to call the school at 348-7641 and meet with their child's teachers where there is a concern. This will be the last interim grade report for the 1981-82 school year.

Visitation by next Years Sixth Graders:

The present 5th grade class from the Grayling Elementary School will be visiting the middle school on May 27th at 1:30 p.m. to learn more about scheduling and curriculum and to see their school for next year.

Meetings scheduled with Parents:

On Monday, May 24th there is a meeting scheduled for parents of next years 7th and 8th grade students to discuss curriculum and scheduling. On Wednesday May 26th there is a meeting scheduled for parents of next years 6th grade students to discuss curriculum and scheduling. Both meetings will be held in the gym at the Middle School.

Middle School Sports Banquet:

On Wednesday May 19th the middle school will hold their annual sports banquet. This banquet will be a dessert pot luck. Parents are asked to bring their favorite dessert and table service for their family. The banquet will be in the gymnasium at 7:00 p.m. All parents and athletes are encouraged to attend and join in the fun. Awards will be passed out to the athletes. Beverages will be provided.

Middle School Activities:

The eighth grade boys are planning a downriver canoe trip on June 3 and 4. This trip will be supervised by teachers and other adults. The eighth grade girls are planning a trip to Mackinac Island for June 3rd and on June 4th they are planning on a trip downriver for the day. These trips will be supervised by teachers and adults also.

Hold Meeting

The Foster Grandparents from five counties met April 28th at the Holiday Inn, Gaylord.

A fine movie strip of how to help slow learning children, on a one to one basis was shown.

They are also selling knives to raise funds for a mini-conference to be held this fall.

Thanks

A great big "thank you" to the gentlemen of the American Legion Post #106 who provided such a lovely afternoon for eighteen senior citizen ladies on Mother's Day "Adopt a Mother for a Day Program" and a special thanks to Bob Nelson, the coordinator.

Our appreciation to the "sons" from the eighteen "Moms", we had a great time and the dinner was delicious.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

While traveling to a meeting a short time ago, I crossed several rivers famous in the history of logging. Among them were the Manistee and the Muskegon Rivers where a hundred years ago the banks would have been covered in numerous places with rollways of pine logs. Those logs would have been gathered by dint of brute force, sweat, and bone-shattering accidents. The Rivers were high, in fact at flood stage, but each time I could get a glimpse of them, it seemed their surfaces were covered with rough-barked logs, and was there a riverman in the shadows at that bend with a peavy in hand? The sounds of modern travel drowned the bumping and banging of logs, the gurgle of water through tangled logs in a jam, and the relayed call of "jam below" as the rivermen raced to break the jam or their hearts in an oft-repeated test of endurance and river know-how.

At Muskegon, the site of my meeting, it was easy to see the booms where the boom-rats sorted the logs by brands placed there months before by scalers on wind-swept rollways many river miles to the north. My thoughts strayed briefly to the thought of those tough men from the Tall Timber enjoying the dubious pleasures of the infamous sawdust flats before they returned broke and sore headed to timber to do it all over again.

The next time you look at a map of this State, roll the names of our rivers off your tongue and remember how important they were yesterday and how much more so they are today.

It is no accident that men, the world over, have built clocks into the steeples of their churches.

Reduce life to its simplest components and what have you? TIME and GOD.

Time marks the beginning of life. It measures the growth of our bodies. It provides opportunity for our work and play. It reveals to us our human limitations, and then, one day, Time leaves us behind.

But God is the origin of life. He measures the growth of our souls. He provides our strength and forgives our weakness. He reveals to us His limitless Love. And, never deigning to leave us behind, God beckons us on—even beyond the circle of time.

A parable then: the clock in the steeple!

Man finds material security and temporal happiness as he learns to respect Time.

Man finds spiritual security and eternal happiness as he learns to love God!

Hamilton Wins Science Award

Mark Hamilton of Grayling has been named winner of the annual Bausch & Lomb Science Award at Grayling High School. The Science Award — a handsome bronze medal — is presented each year to winners at more than 8,500 participating schools throughout the United States and Canada.

"The Bausch & Lomb Science Award is especially significant," according to Kent Reynolds, principal, who made the presentation, "because it recognizes the senior student at our school who has attained the highest scholastic standing in science subjects."

As a winner of the Award, Mark is eligible to compete for one of several four-year Bausch & Lomb Science Scholarships at the University of Rochester, Rochester, N.Y. Scholarship winners are selected on merit, and stipends, based on need, could range up to \$5,300 per year. Surveys indicate that the Award has encouraged more than 30 percent of the winners to follow scientific careers.

Bausch & Lomb, with headquarters in Rochester, New York, is a worldwide manufacturer of vision care products and scientific instruments.

Mark is the son of William and Phyllis Hamilton of Grayling. He has successfully completed five years of advanced level mathematics, two years of chemistry, two years of physics, two years of spanish, and four years of advanced level literature and composition. He is an accomplished actor participating in most GHS productions and has served as Treasurer of the Crawford County Arts Council in its organizational year.

Bits O'Talk

By Fay Bovee

Congratulations to Trisha Duley, daughter of Mrs. Rose Duley, and the late Jim Duley, who has been accepted to medical school at Wayne State University and will begin studies there on September 8. To my knowledge, she is the first Grayling High School female graduate who has been accepted to medical school. We wish you much success!

Mrs. Rose Duley was hostess on Saturday for 28 members of her family for a combined Mother's Day and a 72nd birthday party for her uncle, Francis Bishaw, of East Jordan.

Mary Hunter, of Ottawa, Canada, will arrive this weekend to spend several days with her parents, Mr. and Mrs. Les Hunter.

Mrs. Don Gravelyn, the former Chris Knight, was guest of honor at a kitchen and bath shower, given by Shirley Gravelyn at the Gravelyn home on Friday, May 7, 1982. Guests were friends and relatives and an aunt, Mrs. Judy Mertes and daughters, Robin and Cindy, from Saginaw. Lunch was complete with a special cake and she received many lovely and useful gifts.
